- Identified and curated trending and viral content on social platforms

Portfolio of Programs

➤ Transfer Counselling Module Product Development (Feb 2024 – Current)

Role: Product Manager

- **Objective:** Streamlined the 2024–26 teacher transfer counselling process through a unified digital module, ensuring transparency, efficiency, and user trust.
- **Scope & Users:** Rolled out across Tamil Nadu for Samagra Shiksha staff, School education Department staff
- **Key Features:** Specialized form for each designation, eligibility-based filtering, real-time data sync with EMIS, and secure role-based access for all stakeholders.
- **Impact:** Simplified application flow, minimized manual intervention, improved visibility of available positions, and ensured equitable transfer decisions.
- **Results:** Completed counselling cycle within defined timelines, enhanced user experience, and received positive feedback from Directors and State Coordinators.
- **Key Achievements:** Digitally transformed a traditionally manual process into a scalable, accountable system aligned with department goals.

➤ Vocational Education Module Product Development (Feb 2024– current) – [Click Here for Detailed Program Report](#)

Role: Product Manager

- **Concept & Development:** Designed and implemented a four-phase module, transforming vocational education.
- **Phases:**
 - **Phase 1:** Tagged students to industries via MSME categorization.
 - **Phase 2:** Enabled BRC supervisors to validate and approve data.
 - **Phase 3:** Integrated attendance and feedback collection via TNSED TN Schools App.
 - **Phase 4:** Enabled real-time monitoring through TNSED Administrators App.
- **Stakeholder Collaboration:** Worked with developers, testers, and officials to ensure timely delivery.
- **Impact:** Improved accountability, industry engagement, and student tracking, receiving positive stakeholder feedback.
- **Key Achievements:** Introduced a scalable, structured vocational education system, enhancing hands-on learning.

➤ Other Projects

Role: Product Manager

- **School Operations:** Automates attendance, manages tablets, and oversees transport services.
- **Education Programs:** Monitors vocational student participation, School of Excellence initiatives, and government schemes.
- **Employee & Administration Support:** Manages compassionate appointments, staff grievances, and transfer counseling.
- **Data & Compliance:** Ensures CCC data validation and facilitates Resource Coordinators' administrative duties.

Portfolio of Programs

✓ Collaborating for Educational Excellence: Transformative Initiatives with the Visionary Leadership of District Collector Dr. Prabhu Shankar, IAS"

(Dec 2022 – Feb 2024) [Click here for Detailed Program Report](#)

Fellow, District Project Management Unit – Karur

Worked with District Collector Dr. Prabhu Shankar, IAS, on key initiatives:

- **Palli Kooda Mani Adichachi** – Reduced school dropouts through community engagement.
- **Ennum Ezhuthum Scheme** – Strengthened foundational literacy and numeracy.
- **Uthiram Uyarthuvom** – Tackled adolescent anemia through awareness programs.
- **Karur Book Festival** – Promoted literacy through cultural events.
- **Nan Mudhalvan Camp** – Conducted career guidance for students.

✓ Implementation of District-Specific Initiatives in Karur District (Oct 2022 – Feb 2024)

[Click Here for Detailed Program Report](#)

Fellow, Chief Educational Office – Karur

Led implementation, monitoring, and evaluation of district education initiatives under the Chief Educational Officer and District Educational Officer.

- **Program Management:** Oversaw end-to-end execution of district-specific educational programs, ensuring alignment with state policies.
- **Stakeholder Management:** Coordinated with officials, donors, and community members to drive program success.
- **Implementation & Evaluation:** Monitored progress, conducted evaluations, and implemented improvements.
- **Course Correction:** Identified challenges and adapted strategies for better outcomes.
- **Visual Documentation:** Compiled reports and documented key moments of initiatives.

✓ Antibiotic Resistant Bacteria (ARB) Surveillance in Urban Sewage Systems – CSIR NEERI – Nagpur, Maharashtra (march 2022–september 2022) - [Click Here for Detailed Program Report](#)

Conducted a six-month surveillance study in four major Indian cities to assess Antibiotic Resistant Bacteria (ARB) in untreated wastewater. Collected samples bi-monthly, performed Antibiotic Susceptibility Testing (AST), and calculated the Antibiotic Resistance Index (ARI) for 20 sites. Findings revealed high ARI levels, especially in Delhi (0.81-0.92) and Mumbai (0.49-0.56), underscoring untreated sewage as a major ARB driver and the need for routine surveillance.
